

# Information for Colorado Prescribers of Prescription Drugs

## DURYSTA™ (bimatoprost implant) for Intracameral Administration

In accordance with Colorado law, set forth below is the following information as it relates to the above-referenced product: (1) the wholesale acquisition cost (“WAC”); and (2) at least three generic prescription drugs within the same therapeutic class, if available.

These prices do not necessarily reflect price per dosage, price per course of treatment, or the cost effectiveness of all the products listed.

**The information provided herein does not imply that the products on this chart, if more than one is listed, are interchangeable or have the same efficacy or safety. Please refer to each product’s FDA-approved label and indication for further information.**
