## Individualised Treatment of the Glaucoma Patient

Plenary - Eye of Innovation  
Saturday 3rd March 2018

09:00 - 09:10	Welcome	Chairs Alain Bron Anat Loewenstein
09:10 - 09:15	Special Welcome to Prague	Pavel Nemeč
09:15 - 09:30	Allergan Welcome	Marc Princen
09:30 - 10:30	Keynote lecture	Miles Barber Hilton
10:30 - 11:00	Coffee	

# Saturday 3

11:00 - 11:05

11:05 - 11:25

11:25 - 11:40

11:40 - 12:00

12:00 - 13:00

14:00 - 14:15

14:15 - 14:30

14:30 - 14:45

14:45 - 15:00

15:00 - 15:40

16:10 - 16:20

**Allergan**  
MEDICAL INSTITUTE\*  
Promoting Excellence in Clinical Practice

## Individualising Glaucoma

### Speakers

Introduction  
Alain Bron  
Jonathan Crowston

Glaucoma Keynote:  
Individual Care for Individual Patients:  
Leveraging the Science of Glaucoma  
Leonard Levin

The Glaucoma Signature  
Jonathan Crowston

Special Glaucoma Lecture:  
The Disease Beyond the Eye  
Judith Stout  
Ingeborg Stalmans

Patient Management Roundtable  
Ingeborg Stalmans  
Jonathan Crowston  
Alain Bron  
Luca Rossetti  
Maurizio Rolando  
Francisco Gofli  
Herbert Reitsamer

- Glaucoma is Individual
- Treating the glaucoma persona
- The Treatment paradigm
- Artificial (Tear) Intelligence
- Earlier, Lower and Better: First 2 years
- XEN in the MIGSworld

13:00 - 14:00 Lunch

## The Surgical Scotoma: Finding the at-risk Patient

Anders Hejll  
Alain Bron  
Francisco Gofli

Patient Profiling  
Anthony Khawaja

Risk Profiling  
Francisco Gofli

The Disease in Motion  
Andre Romano

## Patient Spotlight

Alain Bron  
Miguel Teus

The Life in the Eyes of our Patients

Patient Communication 101  
Fiona Fylan  
Susan Williams  
Kathy Hondeghem

15:40 - 16:10 Coffee

## XEN Spotlight

Ingeborg Stalmans  
Herbert Reitsamer  
Roberto Carassa

XEN - The Data  
Miguel Teus

# Saturday 3

16:20 - 16:30

XEN – changing attitudes

## Speakers

Gokulan Ratnarajan

16:30 - 17:00

XEN Interesting Cases and Learnings

- Roberto Carassa (Italy)
- Dan Lindfield (UK)
- Delan Jinapriya (Canada)

17:00 - 17:15

Service redesign in the new era  
of interventional surgery

Luis Pinto

17:15 - 17:30

Summary and Close

Ingeborg Stalmans

# Sunday 4

08:30 - 09:45

## SSYVI Surgical Know-How Workshops

Preparing for Success:  
Pre-operative Considerations

- SSYVI M2
- OSD: Why Care?
- XEN – Practical Cases and Learnings
- XEN Troubleshooting Case clinic

### Speakers

Alain Bron

Alain Bron

Esther Hoffman

Karl Mercleca (UK)

09:45 - 11:00

It's all in the hands of the Surgeon:  
Intra-operative Considerations

- SSYVI M3
- XEN – Practical Cases and Learnings
  
- XEN Troubleshooting Case Clinic

Ingeborg Stalmans

Ingeborg Stalmans

Lilach Drori (Israel)

Marlo Economou (Sweden)

11:20 - 12:30

The final stretch: Post-Operative Considerations

- SSYVI M4
- XEN – Practical Cases and Learnings
  
- XEN Troubleshooting Case clinic

Herbert Reltsamer

Herbert Reltsamer

Laura de Polo (Italy)

Gokulan Ratnarajan (UK)

12:30 Lunch and Transfers to the Airport

# Saturday 3

11:00 - 11:10

## Retina Beyond

Introduction by Chairs

## Speakers

Anat Loewenstein  
Marc de Smet  
Francesco Bandello  
Baruch Kuppermann

11:10 - 11:35

## WHAT is it we need to treat?

Retina keynote: DME is not AMD

Jayakrishna Ambati

11:35 - 11:50

Inflammation: When to intervene; early or late?

Baruch Kuppermann

11:50 - 12:10

Managing DME in clinic: Reality vs trials

Laurent Kodjikian

12:10 - 12:25

## WHO are we treating?

Looking through the eyes of a patient

David Crabb

12:25 - 12:50

Beyond the eye: Collaborative care

Anat Loewenstein  
Itamar Raz

12:50 - 13:00

The jigsaw puzzle: Health, money and capacity  
- The Adeste study

Giuseppe Scarpa

13:00 - 14:00 Lunch

14:00 - 15:00

## HOW can we treat DME?

Introduction: Treating DME in the real world;  
how can the data guide us?

Marc de Smet

- 7 years of Ozurdex: What have we learnt?
- DRCR.net: Protocols/Design and outcomes review
- UK EMR
- ARTES
- INVICTUS

Pascale Massin  
Anat Loewenstein  
Usha Chakravarthy  
Patricia Udaondo  
Lauren Sauvan

15:00 - 15:10

Key takeaways: Life's not a clinical trial

Marc de Smet  
Anat Loewenstein

15:10 - 15:20

Introduction: Patient cases workshop

Led by Francesco Bandello

16:00 - 16:45

Patient case workshop #1

16:45 - 17:30

Patient case workshop #2

17:30 - 17:40

Key takeaways from day 1

Francesco Bandello

17:40 Close

# Sunday 4

08:30

Welcome back

Chairs  
Francine Behar-Cohen  
Marc de Smet  
Anat Loewensteln  
Francesco Bandello

08:40 - 09:00

Is inflammation always the same?  
What's the difference between DME and AMD?

Francine Behar-Cohen

09:00 - 09:20

Dive deep into the ocean of OCT-A  
OCT: Its role in disease progression and treating DME

André Romano  
Javier Zarranz-Ventura

09:20 - 10:00

**Personalized medicine - Is It personalized enough?**

Marc de Smet

Assessment of the real-life usage of intravitreal dexamethasone implant

Giuseppe Querques

OCT Biomarkers: Connecting the dots

Marc de Smet

10:00 - 10:30 Coffee

10:30 - 11:10

International Retina Group (IRG) project  
Managing DME in clinics: hard exudates and recalcitrant cases

Dinah Zur  
Jay Chhablani

Latest analyses from BEVORDEX

Hemal Mehta

Long-term results: suitable naïve vs refractory patients

Matias Iglicki

11:10 - 11:20

Key takeaways: From bench to clinic

Marc de Smet

11:20 - 11:30

Google DeepMind: Artificial Intelligence (AI), a reality in the clinic

Rajiv Raman

11:30 - 12:30

Invited case presentations and panel discussions  
5 country cases (country suggestions)  
(Rapid fire 5 +5 min)

Chair/ panel  
Anat Loewensteln  
Patricia Udaondo  
Laurent Kodjikian  
Jay Chhablani

German Patient case  
Spanish Patient case  
Swedish Patient case  
Turkish Patient case  
English Patient case

Andrea Wißmann  
Anniken Bures  
Francesco Mirabelli  
Nilufer Kocak  
Susanna Boytha

12:30 - 12:40

Key beyond takeaways: What will you do differently tomorrow?

Chairs  
Anat Loewensteln  
Francesco Bandello  
Marc de Smet

12:40 Lunch and Transfers to the Airport
